

AEROMART 2017

Canada is the world's fifth largest aerospace market and is also the world's third largest civil aircraft manufacturer. The sector supports more than 700 aerospace companies, with 60% percent of the industry based in Quebec. In 2015, Canada was the United States' fourth largest foreign market for U.S. aerospace exports, valued at approximately US\$8.9 billion and production in the Canadian civil aerospace market is forecast to outpace the global market for the 2014-2021 period (22% for Canada, 11% globally).

The Missouri International Trade & Investment Office is leading a mission to AEROMART, a unique forum where the global aerospace sector meets to talk business. With over 800 companies in attendance from 28 countries, AEROMART Montreal provides businesses in the aerospace supply chain with outstanding networking opportunities. OEM's, Tier 1 suppliers, subcontractors, and international service providers will all meet in Montreal – the 3rd largest aeronautic hub in the world.

Over the past 20 years AEROMART has become the venue for the global aerospace industry, focused on face-to-face pre-arranged appointments. Today, AEROMART has grown into a major global aerospace event featuring major firms. In addition to participation in AEROMART itself, Missouri exporters will benefit from pre-mission market research, briefings, additional pre-arranged meetings, and outreach to prospective clients. Each participating exporter will have their own exhibit space and will receive assistance with hotel and ground transportation arrangements.

Where: Montreal, Canada

When: April 4-6

Cost: \$5,000

Deadline to Register: February 28, 2017

50% deposit due at time of registration
